

Berry Consultants has been a sponsor for Westlake Robotics since 2013 and I wanted to express my congratulations and complete pleasure in supporting the team.

The Westlake Robotics team is an amazing organization that has had an awesome impact on the lives of thousands of students, the Austin community, and the STEM field. The team is completely dedicated to the growth of the students and has an amazing impact. Westlake Robotics is the ideal educational experience, with hands-on science, creating passionate, team-oriented future STEM leaders. I look forward to meeting the incredible team members each year and marvel at the dedication, pride, and talent of the team.

I've been so happy with the growth of the team, creating even more impact to the young scientists at Westlake. As a company focused on changing the world through science, I am thrilled to support the team and excited to see the continued impact and growth.

Best Regards,

A handwritten signature in black ink that reads "SMBerry". The signature is fluid and cursive, with the first name "Scott" and last name "Berry" clearly visible.
